

## Lakeda, A Kiss of Erotica

To know her is to love her. Lakeda, young, smart and the object of everyones affection, knew at an early age that there was something different about herself. The way people looked at her, gravitated to her and wanted to please her in every way further cultivated the feeling of love deep within, the feeling of wanting to love endlessly and the feeling of making some feel loved unconditionally. Through her eyes, she captured the hearts of every man that she came in contact with. Her words soothed their soul, her eyes paralyzed their body, her touches inflated emotions that evoked intense sexual pleasures that had no boundaries. Lakeda was able to do this and remain detached even when she met Brian. Brian, who was married, too fell victim to her essence in the beginning but unlike the others, had sexual addictions that would push Lakedas love spells, which later became their love spells, to their limits. Lakeda offered a love that would send chills through anyones body, tempt even the strongest of bonds and in some cases, break promises of fidelity. No one was safe at even the slightest taste of Lakeda.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
