

Death Benefits (Max Logan Series Book 1)

Max Logan's insecurities have consumed her to the point she has allowed them to skew her perceptions of people and circumstances. She has grown progressively more bitter, sarcastic, and solitary since her divorce and feels as though she has spent a lifetime getting the short end of the stick through no fault of her own; still she trudges on. Things can always get better, right? Of course, it's hard to cultivate optimism when she finds herself dead, the victim of a D.I.E (Death in Error) caused by an overeager Grim Reaper in Training. She brokers a deal to be sent back to Earth as a temporary substitute for the Superintendent of Spiritual Impediment. Can a girl who can't recognize her own problems rectify the issues of the living impaired? Or will she discover that concentrating on their issues gives her a new perspective on her own?

Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
