

HOW TO PROTECT YOUR FAMILY IN TODAY'S WORLD: A hands-on, practical guide to protection strategies

Consider that you have completed your tax return and expect a large refund. Some weeks later you receive a letter from the IRS and, not only do you receive no refund, but you owe more tax - all because of the alternative minimum tax! While you express dismay you must struggle with this new tax. Understanding The Alternative Minimum Tax put you - not a tax preparer - in control of your situation. It should save you thousands of dollars over many years by just understanding what the AMT is, how it operates, and how to reduce or eliminate it. Written in plain English, with little technical terms, this book will guide you to lower the AMT each year and, hopefully, not be shocked in the future.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
