

## History of the Monastery of Saint Matthew in Mosul (Publications of the Archdiocese of the Syriac Orthodox Church)

Located north of Mosul, St. Matthews Monastery—commonly known as Dayr Sheikh Matti—is perhaps the most ancient religious institution in Iraq. Although the Syriac life story of St. Matthew was published together with that of St. Behnam by Paul Bedjan in 1891, and translated into Arabic by Elias Behnam, this present account is more extensive and informative. It includes in-depth physical and spiritual descriptions of the monastery as an outstanding institution which played a significant role in the history of the Syrian Orthodox Church of the East. Mar Ignatius Jacob III offers insight into the monastery's learned superiors, metropolitans and magnificent library.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
