

Solipsum

Fashion, photography, futurism, models and martial arts. All this and a demon from hell-lock your doors and snuggle in for the night. Daniel Coutos novel, Solipsum will have you up reading until morning. Its ten years just past now and Charlie, a beautiful young woman in New York City lands the job of a lifetime-working as a photo assistant on a highly experimental advertising campaign that features the worlds hottest models. But one of these models is not what he seems-he takes frequent trips to Hell and hes got one hell of an agenda. Coutos imagination is a wild ride filled with characters that jump off the pages to visit your dreams (and nightmares)-stunning models, shark-like superagents, ninja assassins and demons dressed to the nines. Dry black humor, a deeply erotic undercurrent and a razzle-dazzle plotline all lead to a fantastic conclusion. Daniel Couto is a photographer, director and producer. His latest projects include a reality-based television program called Catfight and a photography-based art show, Naked in the House, that airs on Canadian networks. His future plans include directing feature films and he is currently working on the sequel to Solipsum. Mr. Couto lives in Toronto, Canada. Solipsum is his first novel. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
