

Eternal Hunter (Night Watch)

Assistant DA Erin Jerome has a secret. Make that two. One: Shes not entirely human-shes Other, desperately trying to keep her supernatural strength under wraps. Two: shes got a killer stalking her-an Other rogue set on gifting her bloody corpses. But the bounty hunter on her new case isnt worried about any of that. Jude Donovan is a shapeshifter himself, and the new DAs midnight hair and addictive scent tell him all he thinks he needs to know: Shes gorgeous, shes definitely not human, and shes bringing out the animal in him in a really good way. He might have to track a psychotic Other stalker through half of Louisiana. But he might also get the chance to see Erins wild side come out and play. Contains mature themes.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
