

Orbiting the Giant Hairball: A Corporate Fools Guide to Surviving with Grace

Creativity is crucial to business success. But too often, even the most innovative organization quickly becomes a giant hairball--a tangled, impenetrable mass of rules, traditions, and systems, all based on what worked in the past--that exercises an inexorable pull into mediocrity. Gordon McKenzie worked at Hallmark Cards for thirty years, many of which he spent inspiring his colleagues to slip the bonds of Corporate Normalcy and rise to orbit--to a mode of dreaming, daring and doing above and beyond the rubber-stamp confines of the administrative mind-set. In his deeply funny book, exuberantly illustrated in full color, he shares the story of his own professional evolution, together with lessons on awakening and fostering creative genius. Originally self-published and already a business cult classic, this personally empowering and entertaining look at the intersection between human creativity and the bottom line is now widely available to bookstores. It will be a must-read for any manager looking for new ways to invigorate employees, and any professional who wants to achieve his or her best, most self-expressive, most creative and fulfilling work.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
