

Live More Work Better: A Practical Guide to a Balanced Life

Gayle Hilgendorff had it all. But, after twenty-one years in HR for a Fortune 500 company, she realized that her stressful work/life balance held a lot more work than life. So she did something about it--not by giving it up, but by having more. Gayle did not wake up one morning and turn her back on all she had earned. She made small daily changes to create true balance, while keeping the power and prestige she had worked so hard to gain. And now she wants to help you do the same. The pragmatic tips and suggestions--combined with the wit of someone who has gone through exactly what you're going through--make this an unexpectedly enjoyable read. Better yet? It's short and to the point. This is a book you can read in a few hours, act on tomorrow, and enjoy immediate results. If you're ready to see what your life could be like living in balance, what are you waiting for? Get out your pen and some Post-it notes and get to work!

Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
