

Womens Talk: A Social History of Gossip in Working Class Neighbourhoods, 1880-1960

This is a sociological study of the way in which women and their gossip was viewed in the period between 1880 to 1960. It asks why specifically working class women are seen as gossips, tracing the stereotyped meanings and prejudices attached to the word. Other communication aspects are also examined.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
