

The Quaking Meeting

The Quaking Meeting: transforming our selves, our Meetings and the more-than-human world. Once, Quakers quaked. Some of us still do. I discuss individual and communal practices of Waiting Worship. My theology and practice, like that of first generation Friends, is mystical. In centring down we can directly experience Gods presence: loving, divine energy sensed in our bodies, which can cause physical manifestations like quaking. Such practice transforms our lives, gradually leading us into a life of holy obedience to the Divine. I have learned from the teachings of early Friends, both directly, and mediated through Rex Amblers Experiment with Light. Yoga and Buddhism have also inspired me. My findings are illustrated with stories, mostly drawn from my own life, and with Max Raupachs drawings. In Meetings for Worship we may sense a mystical communion with God through each other. This is the gift of the gathered meeting. The power of the Lord made first generation Friends quake and filled them with power. We, too, can open ourselves to the loving divine energy, and to the naturally arising miracles that become possible for those who live such lives. Transformation may flow through us to others, in an everwidening spiral, embracing the more-than-human world.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
