

Inter-American Development Bank (Multilateral Development Banks Series, Vol. 4)

The multilateral banks are powerful forces in the international community, providing loans of more than \$250 billion to developing countries over the last half-century. The best-known of these, the World Bank, has been studied extensively, but the regional development banks are little understood, even within their own geographic regions. This book looks specifically at the policies and projects of the Inter-American Development Bank, which, like the other multilateral banks, is being criticized increasingly by grassroots organizations, environmental groups, and others. Drawing on case studies, Tussie responds to some basic questions: Has the IDB in fact been an effective agent of development? Has it been a mere clone of the World Bank, susceptible to that agency's weaknesses, as well as its strengths? She also assesses the bank's ability to take on the emerging challenges on the development agenda, including such issues as governance, military spending, and the need for gender-sensitive development strategies.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
