

The Thrivers Edge: Seven Keys to Transform the Way You Live, Love, and Lead

Ask Yourself: Are you more afraid of success than failure? Do you undervalue your worth? Are you unaware of the limitations that keep you from flourishing in your life, work, and relationships? A major reason why people don't thrive is because we're focusing on the wrong things—on keeping up rather than waking up to what matters most. In *The Thrivers Edge*, master executive coach and transformational leadership expert Dr. Donna Stoneham uses her powerful THRIVER model to help readers uncover the beliefs and fears holding them back from more fully expressing their gifts. Page by page, Dr. Stoneham explores the many ways to develop and integrate the seven keys—1) trust, 2) humility, 3) resilience, 4) inner direction, 5) vision, 6) expansiveness, and 7) responsibility—that lead to thriving, illustrating her points with personal stories and inspirational examples of various people who have flourished in the midst of adversity. At the end of each chapter, powerful reflection questions and practices encourage readers to put these seven keys into practice. Practical, applicable, and transformative, *The Thrivers Edge* is a coach in a book that teaches readers to unleash their potential, fulfill their dreams and offer their best to the world.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
