

## One Percent Human [Shades of Wolf 4] (Siren Publishing Menage and More)

[Menage and More: Erotic Futuristic Paranormal Menage Romance, M/F/M/M, werewolves, shape-shifters, bondage, wax play, lactation play, sex toys, HEA for M/F/M] Natures fury has calmed, but Mick has returned to the clan. He is still lusting after Ever, and his place of alpha. He is not, however, welcome. Kris, Chirrot, Liam, and Demetri are melding together perfectly with Ever and the children as their family becomes closer. The children are growing in leaps and bounds, and Ever is stunned by how they are maturing. She finds that the one percent of her brain that still thinks as a human is getting her in trouble. This is even more evident when Chirrots brother Daniel returns, and her daughter Avia starts asking questions about sex. Evers use of magic is getting more adventurous and she is becoming stronger. Her natural power is proving to have its good points and also its bad. When the clan is attacked by another from New York, Ever is infuriated and uses her magic to stop it, but this act comes at a cost that she never even imagined. Chirrots sister is also plotting against them, and her devious acts leave a trail of death in their wake. \*\* A Siren Erotic Romance

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
