

Art of Living Volume III: Harnessing the Noble Mind

There are times when life may seem uninspired; something vital is missing. There is, however, a part of our being which designs our life, giving it purpose and meaning. This is the third of five volumes in The Art of Living essay series by Leichtman and Japikse, a set of 30 essays (each book contains six) exploring the inner dimensions of human life. The six essays contained in this book are: Coping with Stress, Cooperating with Life, The Mind and Its Use: Its Nature and Purpose, The Mind & Its Uses: Its Development and Application, Enlightened Self-Discipline, and Inspired Humility: Reverence in Action.
