

The Bear Book: Readings in the History and Evolution of a Gay Male Subculture (Haworth Gay & Lesbian Studies)

The Bear Book brings together an impressive range of bear--usually big, hairy men who favor full-face beards and prefer to wear jeans and flannel shirts--viewpoints to explore this unique social and cultural phenomenon that stretches from America to western Europe to Australia! On the personal level, you learn what beardom means to different people in their daily lives, and on a broader level, its cultural implications for not only the gay community, but also society as a whole. As this book moves across the wide spectrum of bear identities, you learn about the defining forces of identity, the significance of differences among masculinities, and the shapings of the bear movement from different viewpoints. The Bear Book is the first compilation of sociological and cultural analytical investigations of the contemporary gay bear phenomenon. To this end, Editor Les Wright brings together both objective and subjective viewpoints to create a forum where bears can speak for themselves. Through their voices, you'll learn about: bears and sexual identity gay male iconography socializing on the Internet sexual politics (gender, class, looks-ism, and body image) gay mass media, the single most powerful force in the current construction of bears bears, power, and glamor bear-as-image vs. bear-as-attitude Gays, lesbians, lesbigay scholars, bears, and social scientists are sure to find The Bear Book thought-provoking and insightful as it broaches questions such as: Are bears caught up in a utopian-romantic impulse to reinvent themselves? What was radical lesbianism's impact on the bear movement? To what extent are bears only another group of exploited consumers in a fragmented market system? And, is it possible to establish social liberation through enslavement to your sexual passions? For both your pleasure and your education, The Bear Book examines nearly

every corner of beardom, including bear history, identity, social spaces, iconography, and its constituency abroad.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
