Super Emotions! books are designed to be tools to help your children help themselves. They are short and simple so that may be easily understood and possibly even memorized by your kids. I suggest incorporating a reading into their daily routine, such as at a bedtime or at the breakfast table. The book was created to teach kids that they can handle their emotions and offers them suggestions for doing so, - Lionel Lowry. This powerful book for children with AD/HD helps kids survive and thrive. It is written like a bedtime story with fun pictures and a Dr. Seuss inspired rhyming style. It was designed to help children with AD/HD easily memorize its message and learn to deal with their emotions in positive ways. This AD/HD kids book teaches your children that they are not alone, that they can handle their powerful feelings, and that they are loved.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
