

Reception History and Biblical Studies: Theory and Practice (The Library of Hebrew Bible/Old Testament Studies)

How do we begin to carry out such a vast task—the examination of three millennia of diverse uses and influences of the biblical texts? Where can the interested scholar find information on methods and techniques applicable to the many and varied ways in which these have happened? Through a series of examples of reception history practitioners at work and of their reflections this volume sets the agenda for biblical reception, as it begins to chart the near-infinite series of complex interpretive events that have been generated by the journey of the biblical texts down through the centuries. The chapters consider aspects as diverse as political and economic factors, cultural location, the discipline of Biblical Studies, and the impact of scholarly preconceptions, upon reception history. Topics covered include biblical figures and concepts, contemporary music, paintings, childrens Bibles, and interpreters as diverse as Calvin, Lenin, and Nick Cave.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
