

Code Name Nanette

I AM NANETTE. I BREAK ALL THE RULES. During the war I was a spy for the British and helped save the world. I've kept my secrets for fifty years. But now I'm ready to talk. THE PERFECT COMBINATION OF HISTORY, HUMOR, AND ROMANCE --Books and Beyond Fifty Shades THEIR MISSION: Gather intelligence behind Nazi lines. AT RISK: The future of the Free World. THEIR MEANS: Whatever it takes. BUT THE LINES BLUR AND THE WAR HEATS UP when they are forced to choose between their hearts and their duty. Joe Parkers search for his grandfather leads him to a former spy who worked with his grandmother in France during World War II. She still chain smokes, drinks her whisky straight, and loves telling steamy stories. Hell never see women, young or old, the same way again. ROYAL PALM LITERARY AWARD WINNER Inspired by the real women who helped save the world. Code Name Nanette is a quirky, sensual, character-driven love story that honors the British and American female resistance fighters in France during World War II, who loved and fought behind enemy lines as intensely as their male counterparts, but whose names and achievements remain largely unheralded to this day. It opens a window into the hearts and the minds of women who take on new roles and risk everything for love, freedom, or just plain adventure. The result is more than a history lesson. It's a revealing and touching triumph of courage, love, and hope against all odds. WARS ARE NOT WON BY RESPECTABLE METHODS. -Amy Elizabeth Thorpe, American Spy during WW II. They are bloody, devastating battles fought by discrete individuals who are swept up in the tides of history and forced to make personal life-and-death decisions on a daily basis. Each has a story. Most of them never get told. This is Nanettes. A guilty pleasure.... The story-telling in this book is amazing. -Ingrid Hall

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
