

Children of the New Age: A History of Spiritual Practices

The first true social history of the phenomenon known as New Age culture, *Children of the New Age* presents an overview of the diverse varieties of New Age belief and practice from the 1930s to the present day. Drawing on original ethnographic research and rarely seen archival material, it calls into question the assumption that the New Age is a discrete and unified movement, and reveals the unities and fractures evident in contemporary New Age practice.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
