

Auditing the Food & Beverage Operation: An Operational Audit Approach: Volume II

Operational auditing goes beyond attesting to the fairness of the financial statements. The reader will learn to make significant contributions to the food and beverage operations profitability by auditing for efficiency and making recommendations that help management reduce costs and increase revenues. It is an exciting aspect of auditing that makes the auditor feel he has made a real difference to the success of the operation. While reading the book, the student will follow Aimee Stone, a senior auditor, as she conducts an audit of Jennys Cafe, a full-service restaurant and bar. The student will discover the types of audit deficiencies that auditors uncover in typical food and beverage operational audits as Aimee audits all aspects of Jennys Cafe, including cash, warehouse operations, bar operations, sales, inventories, menu costing, kitchen operations, and other areas. Finally, the student will learn to write an effective audit report with solid management recommendations.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
