

The Winter Camping Handbook: Wilderness Travel & Adventure in the Cold-Weather Months (Updated)

A thoroughly updated edition of the classic guide considered the authoritative resource for winter camping. Winter camping has its own special allure: the splendid quiet of a winter forest, the hush of falling snow, the thrill of gliding over ice and snow on skis. From building a snow shelter to traveling comfortably in sub-zero temperatures, *The Winter Camping Handbook* covers everything you'll need to know in order to enjoy wilderness travel and adventure in the cold weather months. Extremely user-friendly, the book's step-by-step approach covers everything from choosing a location to explore, selecting teammates, planning the trip, winterizing a travel vehicle, gear selection, travel skills and navigation, making camp, food and nutrition, dealing with winter safety concerns, and even camping with children.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
