

International Family Studies: Developing Curricula and Teaching Tools

Make your marriage and family programs more relevant by making them cross-culturally sensitive. *International Family Studies: Developing Curricula and Teaching Tools* offers a collection of innovative ideas and resources for educators who wish to enhance the international content of their human development and family science curriculum. Contributors share their experiences of transforming department commitments, modifying existing and/or creating new courses, developing stimulating exercises and projects, capitalizing on existing faculty development programs to enhance educators own international understanding, partnering with universities overseas, and utilizing existing institutional structures to incorporate international study-abroad opportunities and internships for students. The book presents teaching tools and techniques, specific resources, and theoretical models for use in family studies, human development, and social science programs. *International Family Studies: Developing Curricula and Teaching Tools* promotes cross-cultural competence and global understanding essential ingredients for the success of future family professionals. The book is devoted to fostering knowledge and skills critical for breaking down barriers and expanding cultural knowledge in an effort to better prepare students to work with ethnically and culturally diverse families. *International Family Studies: Developing Curricula and Teaching Tools* examines: planning, implementing, and evaluating an innovative diversity curriculum knowledge and skills needed to work effectively with ethnically and culturally diverse families teaching techniques that can be incorporated in the classroom to enhance greater cultural understanding the use of student group presentations, technology, and books

projects to teach about culturally diverse families issues of cultural competence, cultural sensitivity, and respect for diversity experiential opportunities abroad for students and faculty and much more International Family Studies: Developing Curricula and Teaching Tools is an essential resource for educators training the next generation of family professionals.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
