

The Other Side: Trents Story

Melinda James is finally out of Skyview Havenan asylum where she was confined for years and is living her life, free at last. However, things are not going as planned; harassed by unexplained paranormal experiences, she doesn't feel safe in her own home. And when she turns to her best friend Trent for help and support, she is surprised to find her feelings for him have grown far beyond a simple friendship. Trent Miller isn't prepared to fight evil, but he will do whatever it takes to save Melinda from an evil entity that is seeking revenge for past events. Armed with knowledge gleaned from television shows, a team of paranormal investigators, and the prayers of family and friends, he is ready to face anything. The question is, does he tell her about his feelings for her before or after he fights a battle with evil for Melinda's very soul?

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
