

## An Awakening: Mapping Your Dream Volume 1

What a delightful exploration. Thought provoking, insightful, vulnerable, Suzanne, you give us much to work with here. You inspire us to explore and discover so much more of ourselves. Empowering. Jach Pursel, Channel for Lazaris The Lazaris Material, Concept Synergy, Inc. Suzanne takes you with her on her intimate and extraordinary path as a magician of light. Leaving her painfully limiting dream of a life behind, she finds who she really is and discovers a free, expansive and joyous way of being. In *An Awakening*, Suzanne shares with you the wondrous strategies and techniques that you can use to free yourself, too. Don't miss this opportunity to transform your life! Ginger Chalford Metraux, Ph.D. Channel for Galexis Have you ever felt like you have read every metaphysical/spiritual book on the market and attended every seminar on the subject but still feel that you cannot apply it in your daily life? If you answered yes to this question, then this book is for you. And since there are no prerequisites for growth, it can also fulfill the needs of seekers wherever they are on their spiritual path. Suzanne shows you how to create your own reality through the teachings of her Unseen Friends, Lazaris and Galexis, in conjunction with her own personal experience. By first unveiling the kinds of blockages like Shame, a subject rarely addressed but must be dealt with if you want to lead a happy life; then followed by Anger, and Forgiveness as the three go hand in hand. You will master how to process them and how to access your Subconscious and Unconscious Minds to help you get rid of these blockages once and for all. You will learn how to co-create with your Unseen Friends and go into the more Real World of magic and miracles to create what you want and bring it back into our world of Illusion. In addition, you will find out how to step into a Future Self who is aligned with your life

or soul purpose. Monumental changes are happening on the planet, and some of them can be downright scary. As the world is being dismantled to make room for something new, Suzanne gives you a map filled with practical techniques and strategies to navigate through the chaos regardless of whatever is happening externally around you; and better yet, so that you can emerge in a new reality with a new template installed in you. So, whether you are a practicing healer or a novice, if freeing yourself from the past and stepping forward in your future sounds exciting, then you owe it to yourself to read this book.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
