

Its Time to Brag! Career Edition: Five Amazing Steps to Sell Yourself

Luck is always being prepared. Recruiters only spend six seconds on your resume! Many companies today want you to have all the skills they've posted, plus other qualities they haven't even listed! Interviewers unconsciously (and, consciously) make yes or no decisions within the first 4.3 minutes of meeting you! With everything seemingly stacked against you, how do you win the job or promotion? Its Time to Brag! Career Edition provides job seekers, whether currently employed or not, with career wisdom on how to wow recruiters, hiring managers, business owners, and executives. All that is required is for you to do the work to be prepared for your next opportunity. Be prepared to brag!
