

## Lead Your Time: Time Is Your Best Resource

Life has no meaning if we spend it in the wrong environment. For us to perform and reach our full potential, we must make sure that our surroundings are pleasant. Therefore, our only chance of functioning well is to be aware of where we are, and then consider that life is time-and time is a seed within each one of us. This seed wasn't meant to remain a seed forever, but rather to become a tree, which is its full potential. How then are we going to transform a seed into a tree? In other words, how are we going to move from where we are now to become who we were created to be? That's our challenge. About the Author: Cletous is known wherever he goes as a man who's always on time. He respects time more than anything else. Cletous uses time not only for personal ambitions, but to drive his God-given purpose. This is his motto: let us take charge of time, join our hands, and do together what we couldn't do on our own.
