

## After the New Atheist Debate (UTP Insights)

The first decade of the twenty-first century saw a number of best-selling books which not only challenged the existence of god, but claimed that religious faith was dangerous and immoral. The New Atheists, as writers such as Richard Dawkins, Christopher Hitchens, Sam Harris, and Daniel Dennett have become known, sparked a vicious debate over religions place in modern society. In After the New Atheist Debate, Phil Ryan offers both an elegant summary of this controversy and a path out of the cul-de-sac that this argument has become. Drawing on the social sciences, philosophy, and theology, Ryan examines the claims of the New Atheists and of their various religious and secular opponents and finds both sides wanting. Rather than the mutual demonization that marks the New Atheist debate, Ryan argues that modern society needs respectful ethical dialogue in which citizens present their points of view and seek to understand the positions of others. Lucidly written and clearly argued, After the New Atheist Debate is a book that brings welcome clarity and a solid path to the often contentious conversation about religion in the public sphere.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
