

Haunted Skies Volume Six

This is the sixth of a ground-breaking series compiled by former Police Officer John Hanson and his partner Dawn Holloway. The multi-part series covers British UFO sightings from 1940 to the present day. This volume deals with UFO reports from 1975-1977. What years they were! People who have followed the UFO subject in any depth will not be surprised to discover that the UFOs encountered during these years follow the socio-political changes of the people who witnessed them to a remarkable degree. Haunted Skies is the most ambitious series of books ever attempted in the history of ufology, and will - no doubt - provide a new benchmark in the quality of such publications.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
