

Beken File

Part of the fascination of The Beken File lies in the story of camera problems faced and solved, from the first sea-going camera built in their chemists shop last century onwards. His advice on how to get the best camera shots of racing yachts and speed boats comes from expert knowledge of how the boats performs, how the sea behaves, and how the camera reacts--a unique combination of skills which have earned Keith Beken his royal warrant as photographer to HRH Prince Philip, and his renown as the greatest sailing photographer of them all.
