

Drawn Together: Maintaining Connections and Navigating Lifes Challenges with Art

Families, caregivers, therapists and service providers are encouraged to use this book to connect with a family member, a patient, or a client. Drawn Together has been picked up for the Canadian Heart and Stroke Foundation for use as a resource to families. Drawn Together is a delightful father-daughter journey, beautifully illustrated with Roar Thorsens drawings. Roars art is the result of the encouragement and facilitation provided by his daughter, Katarina, to help him rebuild connections with the world after a debilitating stroke. Readers will be inspired to awaken to their own gifts and to facilitate expression in others.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
