

The Power of New Habits: Use the Power of New Habits to Unleash Your True Potential in Business and Life (POWERFUL MIND)

The POWER OF NEW HABITS is a new take on an important subject. Many books have been written with the purpose of helping their readers change their habits, improve their lives and achieve their full potential. Far fewer books have acknowledged that when a reader seeks help, he or she is already locked into a cycle of counterproductive habits, from which escape seems impossible. The Power of New Habits is a new take on an important subject. It will examine our many and various bad habits in depth, with a view to demonstrating how they're holding you back. The key to unlocking the power of new, more productive habits and all the success in life that they will ultimately bring you, lies in a better understanding of our current behaviour. I believe that in order to release an individual from their self-perpetuating cycle of misery and change their lives for the better we need to take a close look at their existing habits, why they occur, as well as the power habits wield over us. Habits can make us succeed or fail, so why not choose success? I'll teach you how in this book.. Buy it NOW!
