This word holds so many feelings and emotions for those people whom are lucky enough to be a part of this grand occupation in life. There are so many things that come along with this occupation that you never thought of before, until you are right there in it. Sure, you think of names, what your child will be like, what school you want them to attend when they are big enough, and so on. If you are really outward looking, you likely have dreamed of the colleges your child will apply to, the one they are going to actually attend, and what they will do with their life. You may even dream of the day when you are going to be a grandparent, and all of these things you do now are going to be long ago, and your child is going to be grown with a family of their own one you get to be a rich part of one day. But all of those things are in the future. What you dont think of are the little things that creep up on you in the here and now like potty training. Potty training is one of those things you dont give a lot of thought to until you are right there in it, then you realize just how much needs to go into this huge scheme, and how to keep it from turning into a nightmare for either one of you. That is where this book comes in. In it, you are going to learn just what you need to do to potty train your child, in as little as 3 days or less!
