

Jesus Christ: Revolutionary Mythology

No matter what you think or believe in life, the mythology of Christianity revolutionized the entire world. Now, from the Author of Empirical Truth and the Power of Light Vibrations comes a new work called Jesus Christ: Revolutionary Mythology. As a proud Pantheistic-Atheist, Christians are always telling me that because I am an Atheist I do not believe in anything, this is growing old. I inform them that because I am a freethinker that I believe in more things than they. In responding to their way of thinking it is they who do not believe in anything. There is no god, and the belief in Jesus Christ is the myth of celestial bodies and the legend of a man who may or may not have existed. It is a shame that the world has been placed into mayhem by the mythological sayings of Paul, the true founder of Christianity, a megalomaniac who fooled so many into believing that he was following the teachings of Jesus Christ. Was there a connection between Jesus Birthday and 9/11? This book is about finding out the truth. Who was Jesus Christ? Many Christians faith may be dismayed by the answers.
