

## Mist Over The Mountain

Following college Buzz McRae enters the FBI training academy at Quantico, VA. Little does he realize that this training would lead to assignments in various locations around the world. This story takes him from Washington DC to the beautiful Costa Rican mountains and finally a small rural town in the Southern Highlands. Throughout his journey he meets several interesting people some of them less savory than others. He befriends a like-minded soul in the persona of Steve Turner who, unknown to Buzz at the time, is also working undercover. Together the two men begin a journey of intrigue, violence and mystery as the plot unfolds and the target of a risky heist becomes clear.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
