

## Exodus – Myth or History?

Egyptologist and historian, David Rohl, has written a new book to accompany the Patterns of Evidence documentary movie. Exodus - Myth or History? lays out the archaeological and historical evidence for the Middle Bronze Age Exodus Theory that features so strongly in Timothy Mahoneys film. This is a book for those who want to examine the evidence in detail ... but it is also an absorbing and captivating read. The Archaeology Correspondent for the British newspaper The Daily Mail wrote, David Rohls books have convinced me that he is one of the most brilliant and original minds now engaged in writing ancient history. If he hadnt been a historian he would have been a terrific mystery writer. Davids previous best-selling books have been published throughout the world (translated into 12 languages) ... but his work is not so well known in the USA. Now, with this new release, published by Thinking Man Media, all that is about to change. Containing 416 pages of text, crammed with fascinating facts and argument, illustrated by 329 full-color photographs, maps, satellite images, plans and charts, Exodus - Myth or History? is a goldmine for Old Testament scholars and students of the Bible.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just to good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
