

## FREE TRADE versus FAIR TRADE

[Note: this pre-1923 publication has been converted from its original format and may contain minor typographical or formatting defects from the conversion process or from the original work.] IN the Third Edition I have brought the statistics down to date, and, besides this, I have added, in Chapter II., some observations on the utterances of and Mr. Henry H. Howorth. I have also added a chapter (XXV.) on the effect of Protection on wages and employment ; another (Chapter XXVII.) on Protection to Irish manufactures ; another (Chapter XXXV.) on the foreign trade of Germany ; three more (viz. Chapters XLL, XLIIL, and XLIV.) on the present depression in France, Russia, and Belgium ; and another (Chapter XLV.) containing remarks on 22 the present commercial depression generally. In writing these chapters I have availed myself largely 2 of the very interesting reports made to the Royal Commission on the Depression of Trade by Her Majestys representatives in foreign countries. Since the previous editions were written many circumstances have changed. The hybrid. Fair Trade, has, by intercrossing with its parent species, largely reverted to the parent stock, and its defenders have almost dropped the mask by which they at first g attempted to conceal the obnoxious features of Protection. The feeling for union with the Colonies has \*grown in strength. All these circumstances would have led me, if the matter had been restated, to make the book more logical in its arrangement by stating and explaining the principle of Free Exchange in the first instance, and then giving illustrations of the application of that principle to present circumstances and conditions ; to our relations with our Colonies and with foreign countries; to our supplies of food ; to the present depression ; to the present condition of wages, prices, and profits. But, apart from the time and labour which such a recasting of the book

would cause, I doubt if a total change of arrangement would be welcome to those who already know the book in its former shape, and I have therefore limited myself to the additions mentioned above, and to such other additions and alterations as are called for by change of circumstances.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
