

Marriage to a Mister (A Daughters of Regency Novel)

Lady Fleur Osborne knows several things to be true: her father would likely continue to turn away every suitor at the door, her sister could very well end up unmatched by fault of her clever mouth alone, and that Fleur herself is perfectly happy to say goodbye to the marriage mart and devote her days to caring for her father and his estate. But fate, it would seem, has little care for Fleur's wishes, and its plans are made known by way of two matchmaking fathers, a Viscount's unexpected proposal, and a murderous flowerpot that thwarts their carefully laid schemes. Evan Woolf has been content to stay away from the ton and its mischief, happily sequestered in his dusty library with his work, the choice in no way due to the chance of seeing Lady Fleur again. It has been too long since he has seen her, and the pain between them has deepened the chasm to bounds impassable. But when the two collide in a scandal, the likes of which only France could provide, Evan finds himself given a second chance, and it's one he won't squander. And in the end, the flower and the wolf may find themselves in love once again, against all odds, and with a match made forever. Set in England during the Regency era, *Marriage to a Mister* is a standalone romantic comedy and book one in the *Daughters of Regency* series.
