

International Management: A Strategic Perspective

This comprehensive book uses a conversational writing style to focus on managing business in a global environment, and how management is affected by key environmental factors such as international politics, cultural differences, and the expectation of corporate social responsibility. It provides readers with up-to-date coverage of contemporary managerial issues, a look at different types of international business activities, and an understanding of how international firms are organized to achieve their strategic goals. A seamless transition between theory and practice is achieved with the use of academic research and real-life business applications throughout the book. Chapter topics include cultural variables; management of political risk; strategy formulation and implementation; exporting and importing; licensing and franchising; strategic alliances and equity investments; operations management and logistics; organizational design and control; human resource management; and managing ethics and social responsibility. For the managers and senior managers in consulting firms.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
