

A Politician in Trouble about His Soul

About the author: Auberon Edward William Molyneux Herbert (1838–1906) was a writer, theorist, philosopher, and 19th century individualist. A member of the Parliament of the United Kingdom, Herbert was a son of the 3rd Earl of Carnarvon. He was Member of Parliament for the two member constituency of Nottingham between 1870–1874. He promoted a classical liberal philosophy and took the ideas of Herbert Spencer a stage further by advocating voluntary-funded government that uses force only in defence of individual liberty and private property. He is known as the originator of voluntarism. In 1884 Herbert published his best-known book, *A Politician in Trouble about his Soul*, a reprint with alterations and additions from *The Fortnightly Review*. In the first chapters the objections to the party system are discussed, and in the last chapter Spencerian principles are expounded and the doctrine of Laissez-faire is pushed to the extreme point of advocating voluntary taxation. This book published in 1884 has been reformatted for the Kindle and may contain an occasional defect from the original publication or from the reformatting.

So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
