

Ghosts Among Us: Uncovering the Truth About the Other Side

James Van Praagh knew he was different from a young age. Not only could he see ghosts, but he could talk to them and interact with them. He realised that whereas some ghosts can be full of malice, others actively want to help the living. In this extraordinary book, he tells his incredible ghost stories and reveals the lessons he learned from his amazing encounters with the spirit world. He explains what it is really like to see ghosts, how to recognise which sort of energies surround a person or place, ways to protect ourselves from negative presences, and techniques for becoming closer to those spirits who truly want to guide us. Uncovering the truth about the Other Side, *Ghosts Among Us* also shows us how to develop our psychic powers and how we can all transform our fears of the paranormal into a source of inner strength and support.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
