

## Dancing with Rose: Finding Life in the Land of Alzheimer

Previously published in Hardcover as *Dancing With Rose* One journalists riveting and surprisingly hopeful in-the-trenches view of Alzheimers Nearly five million people in the United States are living with Alzheimers. Like many children of Alzheimers sufferers, Lauren Kessler, an accomplished journalist, was devastated by the disease that seemed to erase her mothers identity even before claiming her life. But suppose people with Alzheimers are not slates wiped blank. Suppose they experience friendship and loss, romance and jealousy, joy and sorrow? To better understand this debilitating condition, Kessler enlists as a bottom-of-the-rung caregiver at an Alzheimers facility and learns lessons that challenge what we think we know about the disease. A compelling, clear-eyed, and emotionally resonant narrative, *Finding Life in the Land of Alzheimers* offers a new optimistic look at what the disease can teach us and a much-needed tonic for those faced with providing care for someone they love. From the Trade Paperback edition.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
