

## A Visitor within: The Science of Pregnancy

Pregnancy is a uniquely intimate relationship between two people. All of us luxuriate in this relationship once, and half of us are lucky enough to be able to do it all over again a second time. This tiny, greasy, pink baby that has just landed in our laps and looks as if it is trying to scream itself inside out - what sort of journey has brought it here? How are we able to make one of these amazing little people, who arise seemingly out of nothing? Written for the general reader, *A Visitor Within* reveals how pregnancy actually works. Why, for example, do women have a limited supply of eggs? How does an embryo halt its mother's menstrual cycle? How does a mother know she is pregnant? How is a baby put together? Why does the mother accept the foreign baby? How do mother and baby survive birth? Why are identical twins never actually identical? Why do women undergo the menopause? In charting our progress with these and other questions, David Bainbridge tells the story of a single pregnancy from conception to breastfeeding.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
