

## Meetings With Beppe: Large Print Edition

This book is an inspiration and comfort to those involved in elder care, especially those whose loved ones have been diagnosed with Dementia or Alzheimers disease. It shares a lovingly written testimonial of how a cherished grandmother continued to live a satisfying and productive life of faith long after the disease stole her ability to live independently or recognize her family. It is highly recommended reading for ministers working in nursing homes as well as families dealing with the dementia or Alzheimers disease.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
