

How to Disappear Completely: On Modern Anorexia

At fourteen, Kelsey Osgood became fascinated by the stories of women who starved themselves. She devoured their memoirs and magazine articles, committing the most salacious details to memory to learn what it would take to be the very best anorexic. When she was hospitalized at fifteen, she found herself in an existential wormhole: how can one suffer from something one has actively sought out? With attuned storytelling and unflinching introspection, Kelsey Osgood unpacks the modern myths of anorexia as she chronicles her own rehabilitation. *How to Disappear Completely* is a brave, candid and emotionally wrenching memoir that explores the physical, internal, and social ramifications of eating disorders.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
