

Races of the Wild (Dungeons & Dragons d20 3.5 Fantasy Roleplaying Supplement)

A new D&D sourcebook detailing various races that dwell in wilderness. Races of the Wild provides Dungeons & Dragons players with an in-depth look at races that live in the wildest areas of the D&D world. It explores the classic races of elves and halflings, including new rules, information for interaction, new spells, and new magic items attuned to each race. In addition to information on the two major races, a new race is introduced. There is expanded information on subraces, along with a wealth of cultural information and new prestige classes, feats, equipment, spells, and magic items. AUTHOR BIO: Skip Williams is currently a freelance RPG game designer. He co-authored the core rulebooks for the Dungeons & Dragons RPG and wrote the adventure Deep Horizon. His most recent credits include Draconomicon: The Book of Dragons and Book of Challenges.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
