

Beyond Black and White: Race, Ethnicity, and Gender in the U.S. South and Southwest (Walter Prescott Webb Memorial Lectures, published for the University of Texas at)

Although Americans have traditionally treated race relations as a matter of black and white, race in this country is much more complex. *Beyond Black and White: Race, Ethnicity, and Gender in the U.S. South and Southwest* brings new perspectives to the oversimplification of racial categories and new insight into the complexity of social relationships in these two important regions. Although the topics covered range from law in the South in the nineteenth century to political activism by Mexican Americans in the twentieth century, they begin with a common viewpoint: If we are to understand the complexity of race in the United States, we must go beyond thinking in black and white. A product of the Walter Prescott Webb Lectures held at the University of Texas at Arlington in 2000, this volume provides links between ideas and events within Southern history to that of the Southwest. In their various chapters, the seven contributors illustrate that elites common (and inaccurate) use of dichotomous categories to describe social relationships not only black and white, but also male and female, slave and free, dependent and independent have shored up white power in both regions. Together they illustrate multilevel social diversity, and demonstrate that acceptance then and now of simple binaries has impeded efforts by groups outside those categories to claim recognition, rights, and privileges on their own terms. All those interested in race and public policy as well as social activism concerning with racial, ethnic, and gender issues will find in these thought-provoking analyses a doorway to deeper understanding.

NEWAGEOFTRUTH There's been too many lies and not enough truth stay updated via rss MY NEW PLAYLIST Why are some looking forward to the end of days? Posted: July 26, 2016 in Cheating, Education, Evil, Politics, Religion, Social Issues Tags: Armageddon, bible, Christianity, Conspiracy theory, Prophecy, Y2K 0 end of days Some temptations are just too good to pass up. My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days

the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
