

Chasing the King of the Mountains (International Men of Sports Book 2)

International Men of Sports Come with us around the world as the men who compete in their countrys most popular sports find that, though its not always easy to win in the game of love, its the only victory worth having. Chasing the King of the Mountains by T.A. Chase & Devon Rhodes

Book Two in the International Men of Sports series. Pascal might be chasing the title of King of the Mountains, but will he realise in time that Laurent is chasing him?

Pascal Durant, one of the best mountain riders in the cycling world, was about to finally win his first polka-dot jersey denoting him King of the Mountains in the Tour de France. Then he suffered a horrific accident that left him unable to complete the race. In his forties and fighting chronic injuries, he knows he only has one more shot at the top. Laurent Desrochers, an internationally known reporter, hears about his dear friends crash and watches a moving viral video of Pascal, bloodied yet unbowed, congratulating the winner. When Pascal tells him hes going to do the Tour one last time, Laurent decides to convince his network to let him follow Pascal on his quest. Friends for a decade, they had never thought of the other as more. Pascals focus on his sport and poor taste in men has never produced a long-term relationship. And Laurents constant travel causes a rift between him and his fiance Jan that proves insurmountable. Laurent finally realises his ideal partner has been in front of him all along. Can he pull Pascals focus from his goal long enough for him to know hes being chased...and let Laurent catch him?

T.A. Chase About the Author: There is beauty in every kind of love, so why not live a life without boundaries? Experiencing everything the world offers fascinates TA and writing about the things that make each of us unique is how she shares those insights. When not writing, TAs watching movies, reading and living life to the fullest. Devon Rhodes About

the Author: Devon started reading and writing at an early age and never looked back. At 39 and holding, Devon finally figured out the best way to channel her midlife crisis was to morph from mild-mannered stay-at-home mom to erotic romance writer. She lives in Oregon with her family, who are (mostly) understanding of all the time she spends on her laptop, aka the black hole.
