

## Integrity in the Public and Private Domains

Integrity in the Private and Public Domains explores the issue of public and private integrity in politics, the media, health, science, fund-raising, the economy and the public sector. Over twenty essays by well-known figures such as Amelie Rorty, David Vines, the late Hugo Gryn, Alan Montefiore and Hilary Lawson present a compelling insight into debates over integrity today. A key chapter of the book concerns the highly publicised donation to Oxford University by Gert-Rudolf Flick, an issue which attracted wide media attention by raising questions of fund-raising and the holocaust.
