

## The Cowboy and the Princess

Anastasia Nikolai was not most peoples idea of a princess. She loved being outdoors and working with animals far more than shopping and swooning over men as most women her age liked to do. She had been dreaming of the day that she would meet her mate, since she was a little girl, but she was worried that he would reject her because of her past. She and her three best friends are inseparable, and Simon is only months away from being able to claim her as his own. He is everything a woman could hope forstrong, loving, protective, and powerful, but Anastasia knows her true mate is out there. Aiden Kristopher did not want a mate. He was happy to run his pack and his ranch, and he did not want females ruining his life. After what had happened to his brother, he was sure that he would easily reject his mate when she found him, but he did not count on a cowboy falling for a princess.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
