

Andreas Voice Silenced by Bulimia: Her Story and Her Mothers Journey Through Grief Toward Understanding

Vibrant, talented, strong, and beautiful, Andrea Smeltzer seemed destined for a great future. But after a one - year struggle with bulimia, she died in her sleep at age 19, catapulting her mother Doris into a wrenching but ultimately rewarding journey of discovery. This unabashed account not only speaks about one familys tragedy, but also critiques the social and personal attitudes toward our bodies and appearance that create victims like Andrea. Andreas poetry and journal entries, combined with her mothers reflections, offer insight and understanding about a crushing disorder that afflicts far too many young people.

My curiosity got the best of me the other day and I gave in by watching one of those "End of the World" conspiracies videos. This time around the date is set for July 29, 2016. So in three days the biblical prophecies will come true and we will be swallowed up by hell fire while the others who are "saved" will rejoice in the heavens.
